

Website building: styling

Styling - Star- Positioning

The following exercise contains the following subjects:

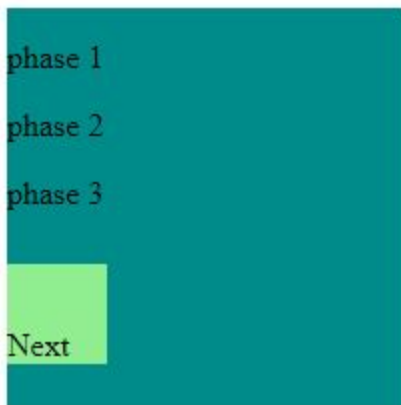

- HTML
- CSS

Question

1. We took the box from the previous ex

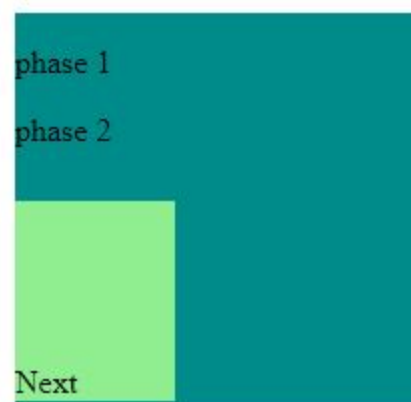

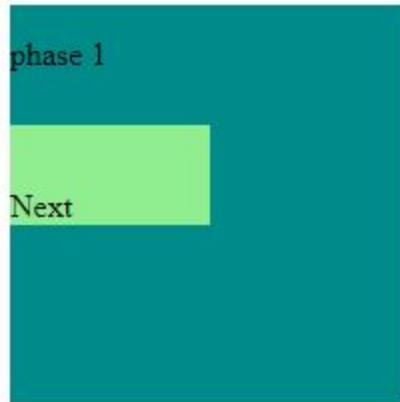

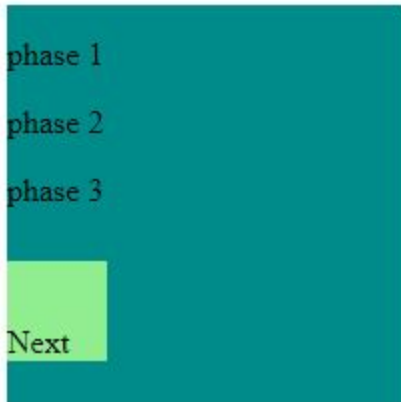

We want to create the following model:

Where we don't know how many phases there are, or what will be the size of the box with the "next" text. we have to make sure that:

1. the box with the next always appears below the phases.
2. the "next" text will always be at the bottom left of the green box, no gaps.

Some examples:

Use the previous exercise code as your initial html and css.
