jQuery Events - Star - Event Listener

The following exercise contains the following subjects:

- jQuery – selectors, DOM Manipulation, event listeners

Question

Use the following HTML code:

```
<input type=text value=""/>
<input type=text value=""/>
<input type=text value=""/>
<input type=text value=""/>

<div class="results"></div>
```

Using jQuery, add an event listener to whenever you edit one of the text fields. Concatenate the result into the results div. Make sure you mind the sequence and spaces...

Example:

Some	Text		
Some Text
