jQuery Events - Star - Toggle party

_____

The following exercise contains the following subjects:
- o   jQuery – selectors, DOM Manipulation, event listeners

Question

In CSS, add the following class:

```css
.blue-bg{
    background-color: blue;
}
```

In HTML, use the following code:

```html
<div class="blue-bg">
    Text
</div>
<div> Other text</div>
```

Create a toggle party:
add a button that removes the blue-bg class from the divs that have it, and adds it to those who don't.
